# 2-1-3 #lotsofsocks game with Numicon

An activity for 2 people

## What you will need

- 1 copy of this sheet for each pair of children (please note this is an A4 document and needs to be printed at 100%)
- A selection of Numicon Shapes 1-3 to fill the socks.

## What to do

Ask children to fill their sock with the shapes. Children take it in turns to add a Numicon Shape to the sock until that it is completely full.

## Different ways to play the game:

- Use a dice or spinner with the digits 1,2, & 3. On their turn each player will roll or spin and then select the corresponding shape to fit into their sock. If the shape doesn't fit they miss a go.
- Put all the shapes in a feely bag so players have to feel for the shape they need to fit the gap and fill the sock.

## Extensions and questions

- What is the most amount of Shapes that can be used to fill the sock?
- What about the least amount?
